Requests sanction to the abolition of the post of the pound keeper in the Brinn Municipality & to the combining of the two pounds & putting them in charge of the person on commission basis

There are two cattle pounds - one worked departmentally at a cost of Rs 15/ p m and the other on payment of a commission of 20% of realisations to the hd of Board

Shimoga/ The Asst Comptr, Kasaba Audit circle, has, during the course of audit observed that the income is not enough to meet the pay of the Pound Keeper & suggested that both may be combined and the Combined pounds may be managed either on commission basis or with a pound-keeper

The Municipal Council have resolved that both the pounds may be entrusted to the Octroi Mutsaddi & perhaps an allowance of Rs 5/- p m

The Deputy Commr is of opinion that this arrangement will lead to the Municipality looking after either work properly & that both the pounds will be worked on a Commission basis

Re The abolition of the post of the pound keeper in the Birur Municipality

I have the honour to state that there are two cattle pounds at present in the Birur Town Municipality, one worked departmentally and the other on payment of commission at 20 % on the realisations The post of the pound-keeper was sanctioned in Government order No L B 135-23-7 dated 10th July 1924 The commission system was sanctioned as a temporary measure in this office memo dated 10th October 1939, and this is being continued

2 The Municipal Council, Birur, have resolved at their meeting held on 28th October 1941 that instead of having a pound-keeper on Rs 15/- per month and a commission agent on an allowance of 20 % on the income, for the other pound, the work of the both the pounds be entrusted to the Octroi Mutsaddi, who may be paid an extra allowance of Rs 5/- per month

3 The Assistant Comptroller, Local Audit Circle, Shimoga, while inspecting the accounts of the Municipality during November 1941, has observed that the income from the cattle pound which is maintained departmentally by appointing a pound-keeper on Rs 15/- per month is not even sufficient to meet the establishment charges incurred thereon He has, therefore, suggested that this and the other pound which is managed on commission basis may both be amalgamated and the combined pound managed either on commission basis or with a pound-keeper

4 The entrusting of the work of both the pounds to the Octroi

utsaddi would lead to his not looking after either work properly The pound on the commission basis has worked satisfactorily as the realisations from the pound worked depar mentally are not even sufficient to meet the pay of the Pound-keeper, I am of opinion that it would be better if both the pounds are ~~xxxxxxxx~~ amalgamated and the same person now in charge of the pound, for which commission is paid, be asked to look after it I, therefore, request that sanction of Government may kindly be obtained for the abolition of the post of the Pound-keeper in the Birur Town and for combining both the pounds and putting them in charge of the person working for commission
